Utah Insurance
Department

Harold C. Yancey
Insurance Commissioner

Report To:
Governor Norman H. Bangerter

Business of
1989

October 1, 1990

Dear Governor Bangerter:

Pursuant to Section 31A-2-207 of the Utah Insurance Code, the Eightieth Annual Report of the Commissioner of Insurance is herewith respectfully submitted.

Insurance continues to play a vital role in the lives of our citizens and in the success of the business community. Fair, effective, and timely regulation of the industry enhances the ability of the industry to fulfill its role in our growing economy.

New products regularly appear in the market place, especially in the health care field. Solvency of companies has become a major regulatory concern and additional Department resources are being directed toward an effort to reduce the number of insolvencies that occur. The number of new domestic companies organized in the state continues to grow.

We are committed in the Department to fulfill our role as efficiently as possible and to support your goal of helping the "customer", the citizens of this great state.

Respectfully submitted,

Harold C. Yancey, CPCU
Insurance Commissioner

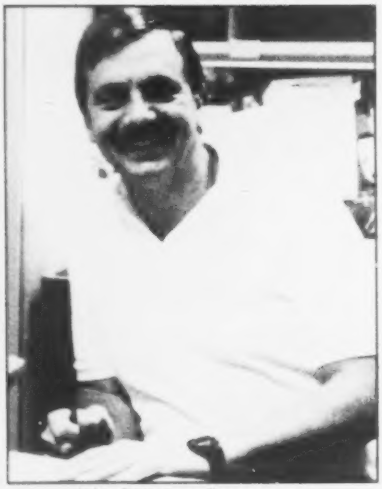
ADMINISTRATION DIVISION

Administration

Olga Tsakakis, Director of Administrative Services



John Peterson, Programmer Analyst

The Administration Division is responsible for the oversight of the other five divisions within the Department. They are; the Examination, Solvency, Licensing, Consumer Service, and Market Conduct divisions.
In addition, the Administration Division is also responsible for personnel, inventory, data processing, and the preparation and submission of the Department budget.

For the fiscal year (FY) ending in 1990, the budget for the Department was $2,036,373 and the revenue was $2,711,849.

To date our personnel have consisted of 48 full time employees (FTE) of which 10 are in administration. The 1990 Legislature approved one additional staff member for the Solvency Division which will bring the total FTE's to 49.

Presently the Department is located in the State Office Building.

The Utah Insurance Department has been at the forefront of change in its computerization efforts both among state agencies as well as other insurance departments. The computer system maintained by the Department contains a data base of all licensed insurance companies, agents and organizations, insurers annual statement information, docketed actions and proceedings, insurance rules, license history, complaint history, fee/revenue collections, and examiner billings.

Our data processing goal is to improve the level of automation support for the Department.

The Department would like to develop specifications for a new data base automation system that will improve the efficiency and effectiveness of the staff.

The areas of concern are:

1) the communication function between the NAIC and our present system; and
2) the automation of the field examination process.
3) improved automation of the licensing process.

LICENSING DIVISION

Licensing

Renee Kidd, Supervisor of Licensing Division

The agents Licensing Division is primarily responsible for issuing licenses to agents, brokers, surplus lines brokers, adjusters, consultants and organizations, including third party administrators.

Prelicensing education requirements must be met by each individual applying for an agent's license. All schools and instructors who provide credit hours for this requirement must make application with and be approved by the Insurance Department. Agent examinations are administered by the Insurance Testing Institute in Malvern, Pennsylvania.

The licensing staff consists of a supervisor and three office technicians who process all applications for licenses, licensing fees, and appointments and terminations of agents by insurance companies. In 1989, the division handled the renewal of insurance company certificates of appointment.

Frances Aro and Jonny Vest, Office Technicians for Licensing Division. These are the ladies to talk to about your individual or organization license.

MARKET CONDUCT & CONSUMER SERVICE DIVISIONS

Market Conduct

George Egan, Manager of Market Conduct and Consumer Services.

C. Robert Schaat, P&C Market Conduct Investigator

The Market Conduct Division is charged with;

(1) investigating and resolving alleged violations of the Insurance Code, and

(2) the periodic examinatino of the market conduct affairs of licensed insurers to assure their compliance with the Insurance Code and Rules.

During the year considerable effort was placed on enforcing fiduciary responsibility under trust account arrangements. Followup rate compliance audits were completed on all audits completed in the prior year to assure that full compliance of audit recommendations and code requirements were being adhered to.

In 1990 we expect to:

1. Survey the extended warranty practices in Utah to better understand the market and formulate regulatory gruidelines.
2. Focus efforts to eliminate and discourage unauthorized insurers, unauthorized multiple employer welfare arrangements and other unlicensed entities.
3. Develop better relationshps with other governmental agencies to facilitate the criminal prosecution of fraudulent insurance marketing schemes and other criminal activities.
4. Survey mortgage companies to sort out non-exempt independent escrow activities.

Consumer Service

The Consumer Service Division is responsible for mediating problems consumers are having with their insurance carriers or agents.

SIGNIFICANT ACTIVITIES DURING 1989

Telephone Contacts	31,672
Interviews	866
# Complaints Opened	1,289

Charleen Backus, Insurance Technician for Consumer Service Division. Charleen will take an average of 65-80 call each day from consumers with insurance related concerns.

During the year considerable effort was placed dissemninating information to the general public. Special trending information was summarized in separate logs to gain a better understanding of activities occurring in the market place. Progress has been made through the National Association of Insurance Commissioners (NAIC) in addressing some of the problems inherent in the small group market.

In 1990 we intend to continue these efforts by:

1. Increasing news release information to the news media on consumer protection items.
2. More stringent investigating qualifications of self-funded entities claiming exemption from insurance code requirements.
3. Assuming broader responsibilities of enforcing insruance code compliance by all licensees.
4. Continuing our efforts to improve regulatory requirements governing small group accident and health insurance.

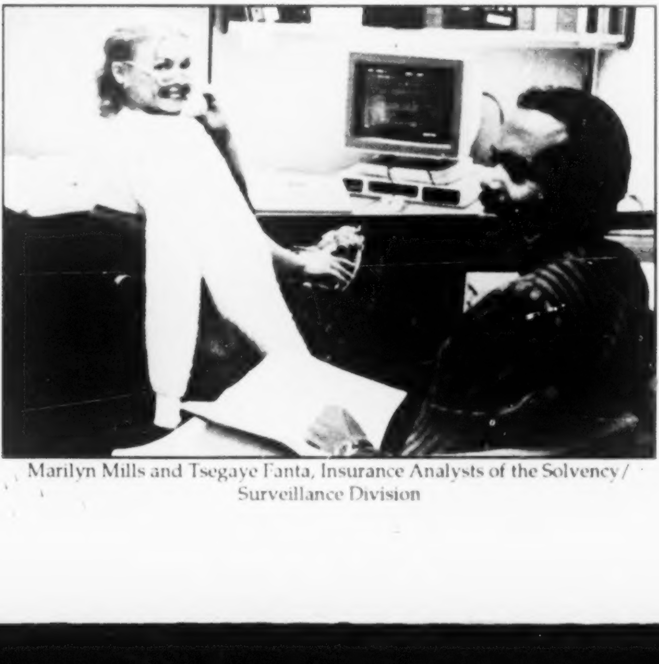
SOLVENCY/SURVEILLANCE DIVISION

Solvency/Surveillance

Lennard Stillman, Director of the Solvency/Surveillance Division

The Solvency/Surveillance Division has been in existence since December 1988. Before that time it was a part of the Examination Division. One of Commissioner Yancey's goals since coming to the department has been to reorganize and strenghten this area of the department to keep up with the growing number of insurers being licensed to do business in Utah.

One of the main duties of a state insurance department is to keep watch over the financial health of insurers doing business in their state, and to protect their citizens, as much as possible, in the event of the decline in financial health of any of these insurer's. This is a massive job when one considers the 1,479 foreign insurers and 55 domestic insurers licensed to do business in Utah.



Marilyn Mills and Tsegaye Fanta, Insurance Analysts of the Solvency/Surveillance Division

The Solvency/Surveillance Division has responsibility for:

1. The licensing of all foreign insurers.
2. Monitoring the solvency status of foreign, domestic and surplus lines insurers, and risk retention groups, to provide an early warning of financial difficulty.
3. Coordination with the Examination Division to pinpoint potential problems with domestic insurers.
4. Assisting in the supervision, rehabilitation and liquidation of insurers.

In addition to tracking the financial stability of insurers, the Solvency/Surveillance Division also study the rates and forms filed by these insurers. This includes:

1) Examining and analyzing rate filings to determine if they are excessive, inadequate, or unfairly discriminatory as established by statute.

2) Review policy forms to determine if they are inequitable, unfairly discriminatory, misleading, obscure, or encourage misrepresentation.
